

Documenting Sources in MLA Style: Electronic Sources

Maui College Library

The examples below use the MLA citation style set forth in various MLA handbooks and guides. These examples include the 2009 MLA updates.

MLA citation style is very specific. **Follow the guidelines for spacing, italics, commas, indentation, and punctuation marks.** When creating a list of Works Cited, all entries must be double spaced and listed alphabetically.

If your instructor requires a **URL for Web sources**, include the URL, enclosed in angle brackets, at the end of the entry. When a URL in a works cited entry must be divided at the end of a line, break it after a slash. Do not insert a hyphen.
